

Detailed Project Breakdown per Year

Year 2024

| Partner | Activity Description |
|----------------------------------------------------------|----------------------------------------------------------------------------------------------------|
| Azienda Usl Toscana Sud Est | Collaboration on risks from physical agents and development of a dedicated portal. |
| Regione Toscana | Management and updating of the regional GPS geodetic network to define seismic risk. |
| A.R.C. Arte Restauro Conservazione | Laboratory analysis of samples. |
| Bioscience Research Center srl | Various laboratory analysis services on samples (multiple orders). |
| Bottega Verde s.r.l. | Research grant for the design and coordination of the New Bottega Verde Botanical Garden. |
| Comune di Abbadia San Salvatore | Study of gravitational movements in the Via Remedi and Esassetta areas. |
| Comune di Rignano Garganico (FG) | Creation of content and itineraries for the enhancement of local cultural heritage. |
| Geoexplorer Impresa Sociale srl | Laboratory analysis services on samples. |
| Università di Genova | Laboratory analysis services on samples. |
| Ente Parco Naz. Arcipelago Toscano | Assessment of the impact of invasive alien species for the conservation of native species. |
| Fondazione Sanlorenzo | Funding of a research fund for a scholarship on small Italian islands. |
| Fondital SpA | Laboratory analysis services on samples. |
| C.N.R. - IGG | Creation of an updated database of Italian MOPS (Primary Ophiolitic Manifestations). |
| CNR-IGAG | Technical-scientific support to the Marche Region for updates to seismic microzonation studies. |
| Kamullia ETS (SI) | Laboratory analysis services on samples. |
| Istituto Nazionale di Geofisica e Vulcanologia (INGV) | Stratigraphic-structural characterization of the subsoil (PRIN 2022 GUESS Project). |
| ISPRA e Regione Toscana | Creation of geological mapping (CARG Project) of Sheet no. 307 "Roccastrada". |
| Ist. Zooprofilattico Sper. Piemonte | Human-animal-environment interaction in the Pelagos Sanctuary. |
| Ist. Zooprofilattico Sper. Piemonte, Liguria, V. d'Aosta | Human-animal-environment interaction in the Pelagos Sanctuary. |
| Ist. Zooprofilattico Sper. Piemonte, Liguria, V. d'Aosta | Research activities on the effects of microplastics on marine mammals. |
| Opera Primiziale Pisana | Study of the stone finishes of the Duomo of Pisa. |
| Università degli Studi di Udine | Collaboration within the Scientific Degrees Plan for Physics (Master M-IDIFO2426). |
| Minerali Industriali s.r.l. | Various laboratory analysis services on samples (multiple orders). |
| Monte dei Paschi di Siena | Design and implementation of the "sCOOLFOOD" school project. |
| Pizzardi Editore S.p.A. | Development of a column on the "Plastic Busters" project for the publications "Amici Cucciolotti". |
| Regione Emilia Romagna | Development of technical-scientific cooperation for common objectives. |
| Regione Toscana | P.Ri.S.Ma. MED2 Project - Sea Waste and Debris Plan. |
| Regione Toscana | Participation in the creation of the regional territorial information database. |
| Rete RELUIS | Research activities within WP18 - Seismic input and microzonation. |
| Schwabe Pharma Italia srl | Sponsorship for a Second Level Master's in Physiotherapy. |
| Soprintendenza Archeologica Siena, Grosseto, Arezzo | Characterization of samples from the bronze artifacts of San Casciano dei Bagni. |
| SPAM srl Arezzo | Mineralogical and chemical analysis. |

Year 2024

| Partner | Activity Description |
|-------------------------------------------|---------------------------------------------------------------------------------|
| Raffmetal spa | Validation of CFP-Tool with a simplified model for aluminum. |
| A&D S.p.A. | Laboratory analysis of red rice samples. |
| AVH Abfall Verwertung & Handel GmbH (AUT) | Mineralogical analysis services. |
| Banfi S.r.l. | Calculation of corporate Carbon and Water Footprint and CO2 absorption. |
| Bioscience Research Center srl | Analysis services on sediment samples (multiple orders). |
| Chimet Spa | SEM/EDS analysis services on samples (multiple orders). |
| Comune di Siena | Annual greenhouse gas report for GSTC tourism certification. |
| Comune di Siena | Measurement of thermo-hygrometric parameters in the Salt Warehouses. |
| Comune di Massa Marittima | Analysis and dating of bricks found in Piazza Garibaldi. |
| CoNISMa | Laboratory analysis (DR-CALUX assay) on sediment and fish fauna samples. |
| Dip Fisica UNIPI | Responsibility for the Research Unit for PRIN 2022 project no. 2022HCKXPC_003. |
| Enel Green Power | Specialized ecological and wildlife monitoring services - Bagnore area. |
| Europomice srl | Chemical and mineralogical analysis services of rock samples. |
| Hotel Chiusarelli | Mineralogical-petrographic analysis on samples of finishes and plasters. |
| IFC-CNR | Joint research activities with the Institute of Clinical Physiology of the CNR. |
| STILL S.p.A. (KION Group) | Advanced training services in LCA for group personnel. |
| Villa Banfi | Calculation of Carbon and Water Footprint and CO2 absorption. |
